Substantive report on the extension period
- HI extension period -

(As of 6 November 2017)

A. Use of funds as well as detailed report on the outcome achieved

The substantive report covers the second phase financed by the host institution (HI) (HI extension period). The report must detail the plans as well as the outcomes achieved. Please answer the following questions using no more than 3 pages.

1. What time period was covered by the HI extension period? Please provide reasons if it deviated from the period stated in the application.
2. Describe the plans you implemented to further develop the fellow's academic and career prospects during the HI extension period.
3. Specifically, how did you integrate the fellow at your institution during the HI extension period (internal research fellowship, employment contract, teaching assignment, service contract and similar)?
4. Describe the fellow's academic and career prospects compared to the start of the entire extension period.
