International Climate Protection Fellowships

For young climate experts from transition and developing countries interested in conducting a project in Germany

The fellowship allows future leaders to spend a year in Germany working on a research-based project of their own choice in the field of climate protection. Fellows are free to choose their own hosts. Submit an application if you come from a non-European transition or developing country and

are involved with issues relating to the scientific, engineering, legal, economic, health-related or social aspects of climate change. Up to 20 fellowships will be granted, funded under the Federal Environment Ministry's International Climate Initiative.

The closing date for applications is **1 March**. The fellowship will begin on 1 March of the following year. For detailed information please visit: www.humboldt-foundation.de/ICF

Requirements

- Bachelor's or equivalent university degree completed less than 12 years ago
- clearly visible leadership potential
